

## **Parking by bus stops causes problems for disabled people**

*Can anyone explain how vehicles are under the impression that they can park wherever they want, and cause nuisance to others?*

I have lived in Puckeridge for over two years, and the number of cars and vans parked either inside the designated area allowed for busses, or right on the very edge of the makings. Simply astounds me.

This has occurred at three bus stops in particular, all on Station Road. Recently there has even been a big coach parked obstructing the bus stop outside the Chapel in Station Road. I don't know if you drivers are aware how inconvenient this is for the elderly, and also those with disabilities.

Vehicles such as coaches restrict the vision of those waiting for their bus, but also the drivers have to park beyond the stop which often means that the infirm are having to take a higher step up due to dropped kerbs.

It can be hard enough for traffic to travel up and down Station Road, but having large vehicles such as coaches and vans, just slows everyone down, and makes life tougher for the disabled.

I'm sure no one wants to bring pain to others, so please find somewhere more appropriate to park up, and stop being a hindrance.

Frank (Puckeridge)

## **Standon Mayday 2026**

Standon MayDay will take place on Monday 4 May on Standon High Street. We will be updating a little this year with new ideas, and the usual favourites, children's entertainment, Crowning of the May Queen procession, the Choir – Standon Sing will be performing in the Church along with a Rock Band and Ware Ukulele Group. Tea, coffee

and cake will be at the Village Hall as usual. The Dog Show is proving popular and will again take place in Burrs Meadow. The Air Show will be at 3pm – best place to view is at The Star. Programme details will be on boards on the High Street and on social media. Please remember to bring cash/change on the day.

Parking is very limited although we are working hard to find more space close to the High Street.

### **Could you help?**

We are still in need of helpers - this is your opportunity to help shape Standon MayDay and give something back to the community. We especially need people to help from 5pm till 7pm for clear up. If you can spare an hour to help man a pay desk, please use this number: 01920 821446 to volunteer or Facebook/email. Other specific volunteering opportunities will be posted on Facebook as we approach the day.

If any local clubs would like to perform in our arena please contact us via Facebook/email we are a Community based event open to all. Standon MayDay is a unique charity event cherished by the people of the village and visitors alike. Our MayDay is one of the longest established traditional festivals in the country. It is a fantastic occasion for local groups to fundraise and advertise.

I would like to thank everyone in Standon and Puckeridge for their continuing support of May Day, I know that it disrupts the people who live on the High Street for the day and we all appreciate their forbearance.

We do really hope the weather will be kinder to us this year and ask you all to get involved by supporting us on the day and volunteering so we can keep MayDay going into the future. Thank you!

## **Braughing Village Walks**

Spring is nearly here so why not join us on one of our monthly village walks exploring the beautiful countryside in and around Braughing.

Walks usually take place on the first Sunday of the month, departing promptly from The Square at 2pm. Walks last approx. 2 hours and are across open countryside which can be muddy so please wear walking boots or wellies. Everyone welcome including well-behaved dogs. Walks are usually followed by tea and cake in Marion's Green Shed.

The first Sunday in April is actually Easter Sunday so our walk in April will be on the 2nd Sunday – 12 April and we will be visiting the Pasque flowers on Therfield Heath – see below for further information.

Walk dates:-

Sunday 1 March 2.00pm Village Square

Sunday 12 April 2.00pm – meet outside the Fox and Duck, Therfield for a walk to see the Pasque Flowers on Therfield Heath.

A slightly longer walk than usual – around 7 miles. We will have time to admire the Pasque Flowers on the way (did you know the Pasque Flower is the County flower of Hertfordshire yet this is the only place you will find it in the county, just a few hundred yards from the border with Cambridgeshire!)

Afterwards we can enjoy a drink at the Fox and Duck. If you would like a lift, please contact Paula (07983 326163)

Sunday 3 May 2.00pm Village Square.

## Ware & District Photographic Society

Our 2026 programme is now in full flight with our usual mix of speakers, presentations, competitions and member activities.

I am very pleased to announce that Ware came first in the Cambridge Inter-Club competition in January winning by 1 point from 29 other Clubs. The Roy Pitman Award was won by Simon Jenkins with his image "On the Naughty Step".

Two other members have had a print accepted in the Master of Print national competition. Towards the end of February, we will be participating in the St. Ives Print competition - a popular and well supported local event.

In March a number of members will be heading into London to participate in a professionally led "Street Photography" day. Our tutor for the day has presented at Ware several times in the last few years and his presentations have been extremely popular, so we are very much looking forward to a day in his company.

### Interested in photography?

Looking to learn, be inspired and meet like-minded local photographers? Then do take a look at our programme [www.wareps.org.uk](http://www.wareps.org.uk) or get in touch. We'd love to see you.

## Braughing Get Together Diary Dates

Braughing Get Together goes from strength to strength. Following on from the Gunpowder Plot we had full houses for our Winter Supper in December and our famed Beetle Drive in January.

Friday 13 March is Whist Drive night. No previous experience needed, as tuition will be given. This is a great way to make new friends as the makeup of the tables changes throughout the night.

Friday 1 May is Supper with a film. We will show the film *The Duke*, a charming true-story comedy about a pensioner who steals a painting to campaign for free TV licences.

Look out for our posters, emails and social media for more details closer to the events.

Braughing Get Together events are held in the Braughing Church Hall and doors open at 7pm.

Our events are open to all, including those from outside of Braughing, to enjoy each other's company and make new friends.

## Puckeridge Karate Club

Puckeridge KC is very pleased to announce that Henry Aldridge recently took and passed his 2nd Dan black belt grading, Henry has been training with the club since 2013 and all of his hard work and dedication has paid off.

Henry is pictured here with Sensei Clive Bowen 6th Dan

The 2025 Hanshi Michael Billman Memorial Shield has been awarded to Steve Glasson who has shown consistent determination and karate 'spirit' over the last year.

Steve joined the club early in 2025 and is a very deserving recipient of the shield.

The Puckeridge club was started in 1994 by the late Hanshi Mike Billman 9th Dan, when he was a resident of Puckeridge, and has continued to grow in strength and experience ever since.

Sensei Clive Bowen 6th Dan now looks after the club and strives to maintain the high standards that Hanshi Mike instilled in the club.

Puckeridge Karate Club has a great instructor: student ratio and a huge depth of knowledge that the black belts are keen to pass on to the other students. If you would like to try something different and get fit at the same time, contact us to see if we have any spaces available.

The club is a traditional Shotokan club and focuses on discipline, fitness, and technique.

Clive is supported at the club by:

## Roger de Clare Lunch Club Brownies

The 2nd Standon and Puckeridge Brownies meet at Roger de Clare school during lunchtime. We are a unique Brownie unit for girls aged 7+ until they leave the school. To register, speak to your current Rainbow leader or register at [www.girlguiding.org.uk](http://www.girlguiding.org.uk).

Last term, some of our older Brownies earned their first theme awards after we'd tried a new interest badge. They had a bring-a-friend party, made a box to keep their Brownie memories in and found out about family and leader memories of Guiding.

This term they have chosen activities around how they can make a change to the world around them including getting their opinions heard and respecting other people's views, and how they can improve the environment around them.

Our next event will be our trip to the zoo with Evening Brownies, Guides and Rainbows. They already have a list of all their favourite animals that they want to see.

## Standon and Puckeridge Bowls Club

The days are getting longer and the season gets closer!!

The start of spring always gets Lawn Bowlers excited – it marks the start of the countdown to the new season.

What have we got to look forward to?

We will be welcoming potential new bowlers at our Open Day on

**STANDON & PUCKERIDGE**  
**OPEN DAY**  
SATURDAY APRIL 25TH 2026

Saturday 25 APRIL – come and see us between 10 am and 2 pm and meet people who can talk to you about how to get involved with a great little Bowls Club!

If you can't make the OPEN DAY, just get in touch (see the information

below) and we can sort out an introductory session

For new bowlers we can provide trial bowls, and show you what bowls is all about – we offer everyone who joins the opportunity to play at whatever level you choose

Lawn Bowls is a sport which is open to everyone, and it is one of the only sports where age is no barrier, and anyone (male or female) can contribute to the success of the team. Our clubhouse and ground is in the Station Road Playing Fields, close to the Community Centre is a great place to play with 4 rinks that see a lot of healthy competition over the summer months.

We are going to have a full season:

Friendly matches are played with clubs around Herts and Essex;

This year we are playing in two leagues which means that league matches are a weekly occurrence (you don't have to play every week! or at all if you don't want to).

Last year we came 7th in Division 3 of the East Herts League – half way up the table), we aim

to try and beat that in 2026 and also put up a good showing in the Welwyn and Hatfield League in which we are new entrants

There will be a series of inter-club competitions culminating in our fantastic Finals Day in September

It's also our 75th Anniversary and a number of special events are planned – keep an eye on the website for more details

We really are a great place to play – if you are new to the area or new to bowls you will be welcomed, and our social activities carry on throughout the winter as well.

What do you get in your membership? We have regular roll up for club members (Wednesday afternoon and Monday nights). We play friendly fixtures (mostly at weekends) against other clubs, and we take part in the East Herts Bowls League. We are also members of the East Herts Bowls Association and the East Herts Ladies Bowls Association.

## The Village Lunch

Christmas! Yes, before it's too far behind us, let's report what a lovely Christmas lunch we had. Our guests entered to a beautifully decorated Village Hall with Christmas themed tables of crackers and flowers, as well as snowmen and Father Christmas figures, hand-knitted in Puckeridge by one of our very loyal helpers.

Everyone ate well - a choice of soup, then a cheese platter followed by seasonal cakes, and finally there were chocolates to take home.

Our thanks to Standon May Day committee for their generosity again in helping this happen. Thanks too to our great team of dedicated helpers, 25 in total who help at different times in the year, some behind the scenes and others out front.

At the end of the meal, everyone joined in carol singing, which David Ranford led again. To round off

everything, Jan Spelman ran a raffle as part of her fundraising for Isabel Hospice in memory of her husband, Andy - and raised a fantastic £400. (See Jan's report below for more about her fundraising for Isabel Hospice in the villages).

Here we are in February, back to our normal lunches - home-made soup until April and then sandwiches - not forgetting cake of course, whatever else we serve!

Sometimes, we worry we will have more guests at a lunch than there are chairs in the hall but so far this has never happened. So if you live in Standon or Puckeridge, or know someone who does, and would like to come to a simple lunch once a month in Standon Village Hall, in a friendly, welcoming atmosphere, please ring Helena or Brenda, as follows:

## Jan's Village lunch report

Hi there. My name is Jan and I've been a helper at the Village Lunches for many years. It's a lively, lovely couple of hours with our local ladies and gents who attend these lunches.

This year, we held a Christmas raffle and also sold donated Christmas cards and homemade items, and raised a grand total of £400.

With money raised from our local community choir, Standon Sing's Christmas Cracker concert, and our local pub, The Star, raffling a hamper as well, we managed to raise a total of £2,220 for Isabel Hospice in Welwyn G.C.

A big Thank You from me for all the effort and donations that went towards raising this fantastic amount.

## News from Braughing Parish Council

Alistair Dore, Civil Engineer for the Historic Railways Estate, attended our January Meeting to explain upcoming traffic management changes on the B1368 rail bridge. He explained that the South-east beam on the bridge has failed relevant structural assessments.

A speed limit and traffic lights will be installed on the bridge with one-way traffic, which will all cross on the Northwest side where the beam is still serviceable. In the longer term, the gap under the bridge will be infilled with retaining walls and foamed concrete, which will provide a long-term solution and enable the bridge to safely accommodate vehicles up to 40 tonnes.

The lights are likely to be in position for at least 2 years. This timescale reflects the necessary processes that the Historical Railways Estate must undertake, including technical assessments, discussions, approvals, planning permission, and the delivery of the infill works. Braughing Parish Council has been assured that the situation will be monitored now the traffic

management measures are in operation, to ensure safety is maintained.

BPC has agreed a precept for 2026/7 of £44,325. This is the same as last year.

County Councillor Terry Smith assured BPC that the long-awaited white lining on the road humps along Malting Lane will finally be carried out in March

We are still waiting for HCC to produce a survey regarding attitudes towards putting yellow lines along the Street outside the Brown Bear to alleviate parking problems.

The streetlight outside Pentlows Farmhouse has been repaired. The replacement of the stolen lights along Church End is with our insurers.

## 1st Standon and Puckeridge Guides

Guides is for girls aged 10-14 and we meet on Wednesday evenings in term time in Braughing. If you'd like to become a member, contact your existing Brownie leader or register at [www.girlguiding.org.uk](http://www.girlguiding.org.uk).

After Girlguiding launched a new batch of badges last summer, the

Guides have been earning as many as they can, and we have a few girls almost ready to earn the Guide Gold award, the most prestigious award for Guides.

As usual, the Guides have contributed to the programme plans and have selected activities around communication, life skills and exploration for this term.

We are looking forward to our trip to Colchester Zoo soon. This is a joint event with the other Guiding groups in Standon and Puckeridge. We have a good connection with our local Rainbow and Brownie units, and recently went to the panto together.

Our fudge stall will be back for Standon May Day and the Guides will get a chance to show off their sales skills again. This is our main fundraiser of the year and I know lots of locals look forward to seeing which flavours we have.

We have two camps planned this year. The first is a local weekend event to take camping skills up a level, and then we are off to County camp for a week in the summer.

## Lenten Thoughts

This Lenten season is one which provides us with an opportunity to reflect, to do something different by giving up or taking up something and to ready ourselves to join Jesus's final journey as he enters into Jerusalem.

The journey of the final week of Lent, of Holy Week, as we remember the final week of Jesus' life on earth, is a roller coaster of emotions.

We remember the excited crowds coming out onto the streets as the word goes around that Jesus is coming down the road and into Jerusalem. His reputation preceded him as people pulled down branches to lay on the road as a welcoming carpet and shouted 'Hosanna, Blessed is the one who comes in the name of the Lord!', 'Hosanna in the Highest' at the tops of their voices.

But how quickly things then change as the tide of popular opinion turns against Jesus and he knows his time is short. He meets for a final time with his closest friends and shares

the bread and the wine of the Passover with them one last time.

He gives added meaning to the meal as he uses the bread and wine to symbolise his own body and blood. And then it is time to walk the lonely and solitary path all the way to the cross.

The joyful shouts of the crowds are replaced by shouts of condemnation, the soft power that Jesus has enjoyed as people have clung to his every word is overtaken by the power of force and violence, and plots and threats win the day as Jesus is crucified.

How quickly things can change and how frightening and dark the world can suddenly feel.

As we look towards our Holy Week remembrance this year, we do so with the backdrop of worrying and frightening change and uncertainty in our world, where force and violence, plots and threats, so often seem to be present. It would be

easy to join with the disciples in their despair and hopelessness as they watched Jesus

crucified and all their hopes for a positive and joyful future disappeared.

But we have the advantage of hindsight as we remember the disciple's despair. We know that only three days later what felt like the end of the world turned into the greatest joy as Jesus is raised from the dead and the disciples could live with hope again.

As we journey through our own troubled times may we hold the joy and hope of the resurrection firmly in our gaze, so that when force and violence, threats and plots, seek to overtake the positive and good in life, we may remember that our hope is to be found in the resurrected and ascension Christ who not even death could defeat.

FOSM is the local charity that raises funds for the preservation and restoration of the fabric, inside and out, of St Mary's our ancient grade one listed parish church in Standon.

Our latest project was supporting the repair and restoration of the Church Tower, which you can now see in all its restored glory following the removal of the scaffolding just before Christmas.

We have a full programme of events for 2026, which started with our annual Quiz Night on the 31 January when we had nine teams enjoying an excellent ploughman's supper and exercising their "little grey cells" in the battle to become the FOSM quizzing champions of 2026 and pick up the new coveted trophy.

Our 2026 programme is set out below. With dates for your diary.

Mayday - Monday 4 May - Tea, coffee and delicious Cakes served in Standon Village Hall.

Standon and Puckeridge Open Gardens – Saturday 13 June Gardens

This is always a fantastic day which highlights our lovely villages and attracts visitors from near and far. Make it a date to come along this year!

A big thank you in advance to all the garden owners and all the helpers who work so hard to make this event a success. It really is a magnificent team effort.

If you have a garden, large or small, in Puckeridge or Standon that you would like to open on the 13 June we would be delighted to hear from you. Contact David Goldstraw at [silverhay@aol.com](mailto:silverhay@aol.com) for more information.

Candlelit Supper – Friday 2 October. In our ancient and beautiful church of St. Mary's, Standon. Come and share a delicious three-course meal and a glass of wine with family and friends and experience a wonderful candlelit atmosphere.

## Standon & Puckeridge Community Cafe

It has been great to see everyone at the Community Cafe over the past months, even in the cold, miserable weather. We look forward to seeing you into the Spring and Summer and the better weather!

We are open 9.30am to 11.30am on the first Wednesday of every month, in the Lankester Lounge at the Standon & Puckeridge Community Centre: 4 March, 1 April, 6 May, 3 June, 1 July, 5 August, 2 September, 7 October, 4 November and 2 December.

If you haven't been along before please pop in for a cuppa and a chat. All ages are welcome, from pre-schoolers to pensioners. We even have a box of toys to keep toddlers amused!

As those who come along to the Community Cafe regularly will know, we hold a number of Cafes each year in support of various charities.

In December, we held a charity cafe for Alzheimer's UK, and raised over £150.

Our February Cafe was supporting World Cancer Day and we raised an amazing £200 for Cancer Research UK.

Thank you so much to everyone who supports the charity fundraising

cafes. Our donations make such a difference to these charities.

Our April Cafe will be supporting Parkinson's UK with drinks, cakes and a raffle. In May our friends from Oasis will be selling their Spring card designs and in July we will be raising funds for a local charity, Isabel Hospice. We will have the usual drinks, cakes and charity raffle along with a Plant Sale, so please do come along and support us and these great charities.

There will be a 'Recycling for Good Causes' Box at each Cafe, for old jewellery; coins & currency and stamps; mobile phones; cameras and gadgets. Proceeds will be donated to Cancer Research UK.

**BUT PLEASE, PLEASE, NO CABLES OR PLUGS, CASES OR BOXES, AND PLEASE, NO USED BATTERIES. THANK YOU**

We also have a separate box for recycling your old printer cartridges, so please bring those along too, as these also realise funds for Cancer Research UK. Thank you.

We look forward to seeing you in the coming months and we'd like to thank the volunteers who lend a hand when any member of the team is unable to attend.

For more details contact Alison on 07813 702375.

Best wishes for the coming months  
Alison, Helena, Jenny and Lorraine

## Dance JAM Academy

We returned in January to weekly classes, with many new starters joining. The buzz and friendships formed at dancing is visible week in week out, with many not attending the same schools it really is lovely to see new connections. Many of our senior students are being prepared for their auditions for dance college and they are working incredibly hard. We are excited for them!

Our students continue to make us proud with their achievements and successful auditions for local productions mean they can enhance their training and experience as a performer.

"Bella the Butterfly" has been introduced to our younger classes and they love seeing where her journey takes them each week. Imagination is so beautiful to see and our little ones thrive in their environment.

Our K-POP Demon Hunters themed workshop took place in February half term and was extremely popular! Dancing, singing and art & craft activities keeps the children entertained for an entire day, we even have a film club for those needing a longer day. Visit our website for our holiday workshops.

Looking ahead we have our bi-annual show this year. Art in Motion (AIM) takes place later this year at South Mill Arts Centre in Bishops Stortford. New starters can be part of this if joining by the end of March.

If you have a child age 3+ (rising 3) or older, whatever their ability and age, they too can be part of our Academy. ## Enhancing the Curriculum at Roger de Clare

The National Curriculum has been in place for over ten years now and whilst we wait for a new curriculum to be agreed by government, we have found innovative ways to supplement the frameworks we are required to follow.

The first way is by following national and world celebrations or events throughout the year. Since September, we have learnt about Harvest, Remembrance Day, Anti-bullying Week, Christmas, Chinese New Year, Children's Mental Health Week, National Storytelling Week and Online Safety Day (to name a few!)

Another way is to welcome visitors to school to enhance provision or to widen our knowledge. In the absence of a Vicar, St. Mary's Church have provided a team of four (Caroline, Lizzy, Jane and Rob) to rotate Worship and to ensure that the links with the Church remain as strong as ever. St. Mary's also invited us to a special Christmas service before the end of the Autumn Term. We have also been blessed by Reverend Tayo (from Much Hadham) visiting and leading us in Worship. Curriculum focused visits from Hertford Museum and the North East School Sports Partnership have supplemented our learning in

History and PE. We remain grateful to all those who give their time to visit us at Roger de Clare.

However, one of the weekly ways in which we seek to enhance the learning of our children is by offering a 'Wellbeing' Curriculum in addition to the subjects listed in the National Curriculum. This timetabled session is constructed of four elements: teaching of growth mindset, mindfulness and spirituality, Woodland Wonder and Courageous Advocacy. These areas are teaching our children to be challenged in their learning and that it is okay to make mistakes, to appreciate the outdoor world and spend time in it, to reflect on the present moment and put thoughts to the 'big' questions of life and to see that we can make a difference in the world by taking action. Through these areas, children are developing their thinking skills and developing their oracy to communicate ideas. They are also learning about their place in the world and how everyone can do something, no matter how small, to make our communities and beyond wonderful places to live.

New to the area and looking for a school place? We currently have spaces and would love to welcome you for a tour with our Headteacher, Mrs Woods. Please contact the school on 01920 821363 or email [admin@rogerdeclare.herts.sch.uk](mailto:admin@rogerdeclare.herts.sch.uk).

## Westmill Village Hall wins Lottery Grant

Thanks to National Lottery players, the Trust responsible for the Village Hall and several other assets in Westmill is pleased to have received confirmation of a substantial grant from The National Lottery Heritage Fund which uses money raised by National Lottery players to support projects that connect people and communities with the UK's heritage.

The restoration of the village hall roof, due to take place this summer, has been made possible with grants secured from The National Lottery Heritage Fund, Platinum Jubilee Village Hall Fund, Bernard Sunley Foundation and Pilgrim Trust.

Originally a 17th century thatched barn used as a grain store, Westmill's Village Hall was created when the barn, part of Vine Farm owned by the Greg family, was converted and donated to the village in 1901 to be used for purposes such as dances, concerts, lectures and classes.

A library of books was also donated by the Gregs and at the opening, Thomas Greg said "... this hall is but the outward expression of that communal spirit which was so great a feature of our English villages and

the inward and propelling force which is to make it a living factor is to be found in yourselves ..."

As a keen follower of art historian and social reformer John Ruskin, renowned architect Charles Spooner worked with the Gregs and was keen to preserve village life in Westmill by improving the housing.

He converted the village hall, remodelled the green, altered Dial House, Vine House and the village shop, as well as designing the church lychgate, pulpit and lectern and building School Cottages. Thomas Greg began married life with Mary Hope in 1895 at Dial House and T and M Greg plaques can be found on houses throughout Westmill.

Mary Greg opened Westmill Museum in a cottage, formerly the blacksmith's forge and donated her collection of objects such as farming tools and cooking utensils, encouraging others to do the same, finding beauty in the ordinary.

Thomas Greg died in 1920 and Mary set up the T & M Greg Trust in 1923 in his memory. Today the Trust, run by volunteers, is responsible for the village hall and cottage; recreation and grazing fields; allotments and copse; children's playground;

Pilgrims Close almshouses; and Jackson's Meadow in Westmill.

## Meet Your Local Consultant

Many of you have met me over the last 12 years of being a Slimming World consultant, and for that I am very grateful. Helping members lose weight, become healthier, and with that happier, is one of the best roles a person can have.

So let's start with how I first was introduced to Slimming World. This happened 20 years ago when my mum attended a group and lost over 4 stone, loved the comradery and became a social team member on Pay. By this point I had a beautiful little boy and had wanted another baby. In my head, I'd lose weight once I was pregnant, but as it was put to me that maybe I needed to lose it to fall pregnant. As it happened, through miscarriages and many tests, I was found to be unable to go full-term ever again. My perfect boy would be my only one, he's 19 this year and yes, still perfect!!!

In August 2012, along with a good friend, we joined the Standon & Puckeridge group held at the Community Centre on Station Road,

- ✦ Roof & Render Cleaning
- ✦ Window & Conservatory Cleaning
- ✦ Gutter, Fascia & Soffit Cleaning
- ✦ Patio & Driveway Jet Washing

and were greeted with such a warm, and friendly welcome, we were completely at ease, and I was so excited to learn how to food optimise my way to slim! Having someone with me was special, it was our night out, having lots of fun and very soon we made more friends. After 10 weeks, I had lost 2 stone, and was buzzing, becoming Slimmer of the Week and Month, and loving the group energy, care and support every week. I went on to lose over 4 stone, and when my consultant said she was leaving, and said we need someone to takeover, she looked directly at me! What a compliment! I took over the group in December 2013 and have loved it ever since.

Looking after members can mean a consultant takes their eye off the ball with their own journey, and that happened with me, so I joined another group just for me and lost 2 stone, and felt in control and happy again.

Recently I had let things slip again, no fault of the plan or Slimming World but my lack of loving who I was, and making the right choices. I also went to the Doctor in November 2024 as I knew something wasn't right with a strange sensation in my left cheek. He said a change of lifestyle would benefit, and I knew that, and this was the push I needed. I am now 3 stone lighter, look and feel fabulous, and determined never to go back again. Many scans, tests,

and hospital appointments later, last November I was diagnosed with a Facial Neuropathy disorder and its something I have to live with unfortunately.

So, I understand the ups & downs of losing weight, and can empathise, I also have a condition where I could easily have thought, stuff it! Many will use food to fill that pain, anxiety, or worry, but I am not now - it will not help in any way, shape or form.

So if you would love to come back to our fantastic group, or dip your toes for the first time, be assured you'll receive a warm welcome, make some gorgeous friends who'll share ideas, support your journey, laugh with you and celebrate every single success.

If this sounds like you, please come along; Every Tuesday @7pm

Go on, what have you got to lose, other than weight!

## Hand Crafted in Little Hadham

Here at Four Acres in Little Hadham we are truly a "hand crafted" vineyard and winery. We pick the grapes by hand, we press the grapes in our small press - it only takes 300 kilos of grapes at a time. If we have a good harvest it could take all night to press our grapes. The juice is transferred into our stainless steel tanks, we have twelve tanks and they

range from 300 litres to 1500 litres. Our vineyard has 2,300 vines and we use the tanks depending on how successful our harvest is.

Our harvests have ranged from a fantastic harvest of 4,000 bottles to less than 500 depending on the weather. Once the wine goes through the fermentation in the tanks it is bottled by hand and laid down for the second fermentation to take place in the bottle. This can take up to two years.

We then take the bottles, put them in racks and twice a day we riddle the bottles to get the spent yeast into the neck of the bottle. The necks of the bottles are then frozen, the crown caps are removed and the yeast comes out with the crown cap. Using plastic syringes, we put dosage (a small amount of wine and sugar) into the bottle and then put the cork and muzzle on the bottle.

Each bottle is then cleaned and labelled and the wine is ready to go

to market. From harvest to the finished product takes over 30 months. We have calculated that every bottle is handled over 80 times. It really is a labour of love and as a result of this care our English Sparkling wine is delicious and it is all sold locally.

Every summer we do several tours and tastings and we explain how our English sparkling wine is made, we do not charge for this. My wife and I do most of the work with volunteers who come up to help several times a year. The wine is made under the supervision of an award winning winemaker. We sell our sparkling rose and our blanc de blancs for £24 per bottle and our sparkling cider for £12 per bottle which as wine and cider lovers will tell you is amazing value.

### Attend2health

Last year was a busy and rewarding one for us, with lots to celebrate and plenty of reasons to say thank you to our local community.

Over the past year, we have raised more than £327 for the Ward Freeman Community Pool Group, helping to support an important local facility, which will hopefully re-open this year. We were also proud to support the British Chiropractic Association in their fundraising efforts for the Darby Rimmer MND Foundation.

We were delighted to learn that the £116 we raised has triggered an additional £500 bonus donation for the charity, which was wonderful news and made the effort even more worthwhile. The British

Chiropractic Association gave the top 5 clinics the bonus donation and we were lucky enough to be one of them.

Alongside our fundraising, we are also celebrating the first anniversary of our Reformer Pilates classes. Over the past year, these classes have gone from strength to strength, with fantastic feedback from our clients. One recent 5-star review said:

"Sarah is a great Pilates Reformer instructor. I was a beginner nine months ago, but she helped me to understand and benefit from our weekly classes and I have progressed to intermediate level. I look forward to the weekly class and feel real improvements in both my core strength and flexibility."

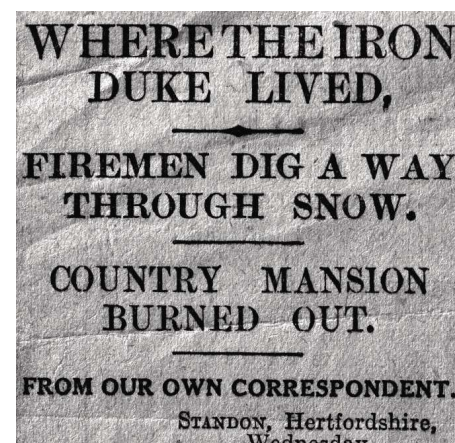

We pride ourselves on keeping our Reformer Pilates classes small, with just four people per class, and grouping participants by ability. This means beginners start together, progress at the same pace, and everyone in the class is working on the same exercises, allowing for a supportive and tailored experience.

Our next Mental Health First Aid Course will take place on Friday 13 and 20 March 9.30am-4pm £200.

To book please call 01763 87 80 87. Attend2Health 27 High Street Buntingford SG9 9AB.

### Where the Iron Duke lived

The following is a transcript of a report in a local paper:

28 December 1927

While firemen were making desperate efforts to fight their way through snow-bound roads, the ancient manor house of Standon Lordship, famous as the residence of the first Duke of Wellington, which has stood in lonely grandeur amid the hills of Hertfordshire, was burned out early today.

The property, the property of the present Duke of Wellington was built in 1545 and was the oldest manor house in the county, but the history of the manor itself dates back to the time of Edward the Confessor.

The house had been occupied since 1920 by Mr. Harold Swann, a member of the London County Council and vice chairman of the

regional committee for Greater London, who, with his wife and only son, left it on Saturday to spend the holiday with his brother at Hatfield.

The heavy fall of snow cut off the mansion, and the three servants who had been left in the house were completely isolated. In the quarter-mile long drive the snow was between five and seven feet deep, and the nearest house – apart from the cottage occupied by the gardener, Mr Samuel Tuffs, and his wife, close to the mansion – was more than a mile away.

The three servants lived in the north wing of the house and it was shortly before two o'clock this morning that the parlourmaid, Miss Ivy Bird, who slept in a room facing the main part of the house, was awakened by a crackling sound.

**Servant's Alarm**  
Jumping out of bed, she found the south wing on fire. She roused the other servants, and all three, throwing coats over their nightdresses, picked up their clothes and ran out on to the snow-covered lawn, where they dressed.

Miss Bird roused the gardener and then telephoned to the police at Ware. The Bishop's Stortford Fire Brigade, six miles away, was also summoned, but was unable to reach the burning mansion, as the road was in places blocked with snowdrifts 7ft deep.

The Ware Fire Brigade, a volunteer force, with a tiny steam pump hauled by a motor-lorry, ran into a deep bank of snow on the narrow road two miles from the house. The lorry had to be dug out and another route was taken.

They reached the entrance to the drive – five and a half miles from Ware – in three hours, and then found it impossible to get to the house. By this time the roof had fallen in and the flames were shooting high into the air.

The fireman dug a passage through the snow, and after an hour they were able to haul the diminutive pump along the drive and across the lawn to the Rib, a tributary of the Lea.

By this time only the outer walls, cracked by the intense heat, remained, and all the fire brigade could do was to play off the burning timbers and massive oak beams inside the walls.

#### Few Pictures Saved

Only a few pictures and chairs from the dining room were saved. Everything belonging to Mr. and Mrs. Swann was destroyed.

Mr. Swann, who was informed of the fire by telephone, left immediately for Standon Lordship in a motor car, but the car became stranded in the snow and he did not reach the house until nearly noon.

As he walked round the ruins with me he said:

'It is tragic. I was proud to be the "caretaker" of this historic mansion.

My wife and I have lost everything, all I possess are the clothes I am wearing.'

Thanks to Megan Blay for supplying the cutting and, by sheer coincidence, to Stewart McRorie who found the photo of the fire-engine when clearing Angela Chapman's house after she sadly died.

## Puckeridge Allotments

We had a good response to my last message in PS and several new allotment holders are now working on their plots.

Do you like Broad Beans, Runner Beans and French Beans ?

How about Lettuces, tomatoes, cucumbers and aubergines?

Or courgettes, sweet corn, leeks, cabbages and potatoes?

What about cauliflowers, Brussel sprouts, purple sprouting broccoli and Kale?

Not forgetting spring onions, garlic, shallots and onions?

These are all vegetables I have grown on my allotment this year and you could do the same.

The rent for a plot is £50 for a year

So if you are thinking about having an allotment and growing your own vegetables please give me a ring or email and we can find a plot for you.

## Three P Flush

Although it seems the drizzle will never stop, recent hydrological reports state we are not out of the woods yet when it comes to water reserves.

Feb 2026, Southern Water have only just lifted their hosepipe ban. Water bodies have announced that unless we have a continuous weather pattern, much as we have this January right through March, our water reserves will not be healthy.

It takes more than we can possibly even begin to fathom just how much last year and 2022 took its toll on our rivers/lakes/reservoirs and even balancing ponds, which filter motorway pollutants .

So I pose to you, please don't recoil, it's not so bad - the 3 Pee flush. As a test, see how easy it really is to not flush your toilet for at least 3 pees. If you can go for 4, even better.

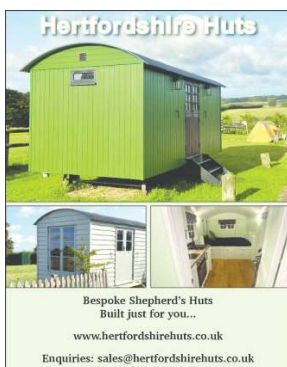

The way to test this and the impact it can make by way of water saving is - get a bucket of water, after one pee, a firm throw down of that water in the toilet pan. You will see that not all the 'yellow' water has gone, even after so much water. This is roughly the equivalent of a

cistern of water plus the added hydraulics of the mechanism in the cistern. It shows you just how much water we could easily save. Worse still, the flush this is pure drinking water!

Water Companies across the UK are struggling to meet our ever-increasing targets. Even to the point they are constructing HUGE pipelines to feed water from the Midlands to the East/South East of UK. Yes, really! This project is costing many millions (you can read about it on the Anglian Water site)

So please please ...think 3 Pee even more so if you are on a water meter!

Being nice to the environment is a good energy for you and a great result for the environment.

## **The Hundred Parishes Society**

[www.hundredparishes.org.uk](http://www.hundredparishes.org.uk)

One of the pleasures of taking a stroll round any of the towns and villages within the Hundred Parishes is enjoying the variety of gardens which enhance the settings of homes. They are thriving testaments to those within these communities whose horticultural skills add to the local sense of pride.

Last October the RHS published its State of Gardening Report, which highlighted the many reasons why gardens are so important. Within the UK they cover almost a million hectares, more than three times the

area of National Nature Reserves. Many local gardens include a variety of trees as well as an increasing range of flowering plants, some from other parts of the world so that the flowering season is extended. This provides not just winter and spring colour but also pollen and nectar for any pollinating insects that are active at that time.

Well-vegetated gardens are havens for other forms of wildlife too including hedgehogs and many common birds, especially if supplementary food and nesting sites are provided.

Last spring the Essex Wildlife Trust asked residents to complete records of house sparrows visiting their gardens as these once common birds are now in serious decline. The reasons for the decline of urban populations include the reduction of invertebrate food such as caterpillars, which are essential for rearing nestlings, and a shortage of suitable nesting sites in modern houses.

501 gardens were surveyed and the information gathered suggested that older properties were more likely to provide nesting sites for these birds who also favoured gardens with a pond.

By growing a wide variety of flowering plants and installing clusters of nest boxes in your garden you may be able to provide a suitable habitat for encouraging house sparrows to thrive. For information about the project see <https://www.essexwt.org.uk/house-sparrow-project>

Tricia Moxey, Trustee.

## **A moment to process the positives**

As a Flood Drainage Engineer, as a key part of my work stream, Winter is challenging and difficult to find the 'Off' switch. Sometimes, our work stress gets to form a part of how we perceive daily life. It often skews reality due to our mindset. So it was very refreshing to read how we really should, at times, think about our own behaviour and how small things can make a real difference.

I was reading an article where a woman commuting home after a really fraught day almost missed her tube station exit from her commute. From one end of a heaving train she had, between the last station stop, gone through all the carriages to get to the far end for an easy exit.

As the train pulled up, she got off. Then suddenly realised, she had left her case on the train. It contained her Laptop/Phone/Documents everything she needed for her job. Some doors had closed but one was still open where she had exited. She quickly jumped on this door, already fully knowing what the outcome would be.

Doors closed.

She slowly weaved through the still heaving carriages. Finally she got to where she had been sitting. There, by where she was sitting, was her carefully placed case.

She could not believe her luck. Faith restored in humankind.

It reminded her of a parable she once read about a grandfather, talking to his grandson. He was explaining there are two Wolves inside us all who are always at war with each other.

The Good wolf represents kindness, love and bravery. The Bad wolf represents greed hatred and fear.

The grandson takes a moment to think about this for a few seconds, the looks up and says "Grandfather, which one wins?" The grandfather softly replies, "the one you feed"

## **Hertfordshire's popular country show, Barkway Market, will return on Saturday 9 May**

If you're looking to spend a day in the country to enjoy a quintessential day out in an idyllic setting, Barkway Market on Saturday 9 May, is for you.

One of Hertfordshire's popular country shows, Barkway Market is held in the beautiful grounds of Manor Farm, one of the village's oldest houses, alongside a craft fair in the neighbouring Church. Manor Farm will once again be opening its formal gardens for visitors to enjoy this year.

Barkway is part of the old London to Cambridge coaching route, and the market is expected to attract over 4,000 visitors. The event dates back to medieval times in 1270. Re-established in 1977 as a 'Street Market' when residents Molly Bruce, Mr Fidler and others wanted to raise money for a village party to celebrate the Queen's Silver Jubilee.

Barkway's Grade II Listed 'Carriage Wash', which can be found close to Manor Farm, is a monument to the coaching village's past, and was added to Historic England's National Heritage List in 2024.

The annual Market is organised by a team of volunteers on behalf of

Barkway Village Hall, which is a registered charity and hosts many of Barkway's community groups. All proceeds go towards local good causes and in 2025, over £25,000 was raised for charitable benefit.

The Market is also an opportunity for local organisations to raise funds including the Barkway Church, The 7th Royston Barkway Scout Group, and Barkway School.

At this year's event, there will be over 180 stalls selling unique items ranging from antiques to bric-a-brac, artisan food & drink to homewares, garden wares to plants, clothing to jewellery, curiosities and more besides.

Entertainment will be provided for all the family. Catering will include homemade sweet and savoury delights from Barkway Church as well as a food court with a licenced bar, fresh coffee and delicious food from local food vendors to satisfy all appetites. And ice cream too!

There will be a small entrance fee of £5 for adult visitors (there is no charge for children 16 and under) and a suggested donation of £2 for car parking, which goes directly to Barkway Scouts who marshall the car park. Parking is provided for in adjoining fields.

For more details about the Market, please visit [www.barkwaymarket.org](http://www.barkwaymarket.org) or follow them on Facebook @barkwayvillagemarket or

## Rogue Traders

Trading Standards warns residents to beware of rogue traders following the recent poor weather as an opportunity to commit fraud.

Spells of wet weather can highlight areas of our homes that require attention, for example leaking gutters or an issue with the roof. Rogue traders are known to use the weather as an opportunity to take advantage of unsuspecting residents.

The rogue trader can contact you in many ways, such as:

- a cold-call/'working in the area',
- a leaflet through the door
- in response to a post on a trader matching website.

Alarm bells should ring when a small job turns into a bigger one or if there are unexpected price increases. A common example is a simple job such as clearing blocked gutters that is 'bounced' by

identifying more work that the trader says needs doing urgently, like loose roof tiles, compromised felt or rotten timbers. Or a price is agreed but later the trader tells you that the price did not include materials or VAT.

Be suspicious if an expensive quote is quickly reduced, on the condition the work is carried out straightaway, or if you are asked for a large deposit for 'scaffolding', 'materials' or the like. Beware if the trader claims the job is urgent and you feel pressured to agree.

Another warning sign is a lack of paperwork before work starts. Look for full information about the trader: their legal entity, address, contact details, company status, full description of works and materials to be used, full cost including whether VAT is included, how long the job will take, and proper cancellation rights given at the right time.

Don't feel trapped into using the same trader, even though it seems to make sense while they are on your property. The law protects you in this situation by giving you a 14-day cancellation period for work that is agreed at your home. Only

you can agree for the work to commence within the cancellation period if you want it to.

Our advice is to make use of the cancellation period to reflect and consider. Take the time to:

- speak to someone you trust about what has happened,
- seek a second opinion from a trustworthy, local trader via [www.hertfordshire.gov.uk/goodtrader](http://www.hertfordshire.gov.uk/goodtrader), and
- seek advice about your consumer rights from the Citizens Advice Consumer Service on 0808 223 1133.

If you have any concerns, you can report them to the Citizens Advice Consumer Service on 0808 223 1133.

Report frauds to the Police by contacting Report Fraud on 0300 123 2040.

Call 999 if the trader is aggressive or starts work without your agreement, these are 'crimes in action', do not feel that it is a waste of anyone's time.

Please look out for any vulnerable neighbours and report any concerns.

## Wood heating could be worse than thought for rural air, study suggests

We think of cities as the places with the worst air pollution, but studies are increasingly highlighting severe air pollution in rural towns and villages, mainly from wood heating. However, government measurement networks mainly focus on cities, overlooking the air breathed by the 20-30% of people in the UK and Europe that live in the countryside.

To plug this gap, a team of scientists moved to the village of Retje in Slovenia for the winter. Retje is home to 690 people, and located in a valley.

Dr Kristina Glojek, from the University of Nova Gorica, described a scene that could be on a Christmas card: "The scenery seems idyllic; a small village with a church on top of a hill surrounded by dense forest and frequently covered with snow. Yet, in the cold part of the year, the village is often enveloped in a brownish fog."

Public buildings in the village are connected to a district heating scheme but householders burn mainly wood.

Air pollution measurement equipment was installed in the village and on the nearby hillside. For two months, three times a day,

Glojek and colleagues set out on a 4-mile (6km) walk carrying a backpack full of measurement equipment. By the end of the investigations they had covered a total of nearly 400 miles.

Glojek explained some of the practicalities: "Low temperatures, early darkness, constant problems with the scientific equipment and also a lot of wildlife, including bears. These hibernate, but not the whole time. When air settled in the valley, particle pollution reached the level of the most polluted cities of the world. After walking for two hours, three times a day we could not wash off the smell. Out of 88 winter days, 34 of them exceeded the legal limits."

Despite this data, the local perception was quite different. Glojek said: "Seventy per cent believed that air quality in their area was good, and 89% believed that wood smoke did not have a negative effect on health. All the other culprits of local pollution were mentioned, although they are practically non-existent in the area."

Wood-burning is often portrayed as climate-neutral. In reality it is not. Cutting down trees leads to the loss of an active carbon-sink, and wood-burning also produces climate heating methane. In Retje, the researchers studied the smoke, which contained black soot and brown particles that could absorb

the sun's heat.

Andrea Cuesta, from the Leibniz Institute for Tropospheric Research and part of the research team, said: "We found that the forcing efficiency was positive [warming] and that bright surfaces, such as fresh snow, might be more susceptible to the wood-burning smoke, which could accelerate melting."

Studies in Ireland and Germany have shown that villages and small towns are especially affected by air pollution from wood and solid-fuel heating during winter.

In Scotland, a proposed ban on stoves as the main source of heating in new homes and extensions has been reversed. Prof Jill Belch, from the University of Dundee, said: "Instead of allowing wood-burning in new builds, rural exceptions, reliable grid expansion, with more generous solar, heat pump, and insulation grants for those off grid or with unreliable power could reduce the significant health hazard of wood-burning for all our people."
